in education--Catalogs. 3. Manitoba. Dept. of
Education Library. I. Title.

Winnipeg

1983

INTRODUCTION

This Catalogue contains all of the Department of Education Library's loanable videorecordings as of February 20, 1983.

The information in this Catalogue therefore supercedes the data in the A/V Catalogue 1981 in respect to the availability for loan of videorecordings.

Most of the videorecordings listed are also available for duplication from the Library's Dubbing Centre which should be contacted for that service. The videorecordings not available for duplication are marked by a black dot ●.

John Tooth
Chief Librarian

ACKNOWLEDGEMENTS

Many thanks to the Library's staff of Betty Seidel, Joan Fergusson, Elizabeth Stevens, Diana Ringstrom, and Carol Sawatzky, for typing, sorting, assembling, and proofreading the information presented in the Catalogue.

HOW TO BORROW VIDEORECORDINGS

The Manitoba Department of Education Library has a collection of loanable videorecordings available without charge to all teachers, educational administrators and students enrolled in teacher training courses in the province.

To assist in the speedy processing of your request and to ensure fair use of the collection, the Library has the following circulation policies and procedures:

1. To borrow a loanable videorecording, please complete either the Tear-Out Order Form at the back of the Catalogue; phone the Library giving the Dewey classification number, the title, and the format of the videorecording you require; or come in person.
2. It is ESSENTIAL that you specify correctly the videorecording format required -- 3/4 in. Umatic; 1/2 in. Beta; or 1/2 in. VHS.
3. If the videorecording you want is not in the Library at the time of your request and you wish to have it sent to you when it becomes available, ask that a "hold" be placed on the resource(s).
4. "Holds" will NOT be placed on materials unless specifically requested. We will send a note to you stating which materials were placed on "hold".
5. The Library cannot accept advance bookings for loanable videorecordings. It is best to request materials two weeks prior to the required time and request a hold be placed on them if they are not available. Materials will then be sent to you as soon as they arrive in the Library.
6. The loan period is 4 weeks. Please check the return date stamped on the date due slip in the front pocket in your materials. Loanable videorecordings must be returned at the end of the loan period. Loanable videorecordings CANNOT be renewed.
7. Patrons may borrow:
 - 4 videorecordings (3/4 in. Umatic; 1/2 in. Beta; or 1/2 in. VHS) per subject area.

HOW TO BORROW VIDEORECORDINGS (CON'T)

8. Loan of these resources is free of charge. To destinations outside of Winnipeg, the Department of Education will mail and will pay postage both ways. Use the prepaid postage sticker enclosed in the pocket of one of the items. For destinations in Winnipeg, teachers are asked to arrange with their couriers to pick-up from the Library. Only under exceptional circumstances will the Library mail videorecordings to teachers in Winnipeg.
9. Patrons borrowing by mail should return materials in the same packaging in which they were received. The free postage paid labels enclosed should be attached to each parcel.
10. Patrons are responsible for materials until they are returned to and received by the Library. Patrons will be required to pay for missing parts and materials damaged in use or in the mail enroute to the Library if improperly packaged.
11. If you are unable to locate information on your topic using this Catalogue, call the Library for assistance.

ALL REQUESTS OR CORRESPONDENCE SHOULD BE ADDRESSED TO:
